

## Conflict Minerals Statement

Abeltronics Ltd is a supporter of the principles and intentions of the *United-States Dodd-Frank Wall Street Reform and Consumer Protection Act* (the Dodd-Frank Act), section 1502, on Conflict Minerals (formerly known as the *Congo Conflict Minerals Act*).

The Act intends to address the responsible sourcing of the raw minerals for Tin, Tantalum, Tungsten and Gold (“3TG”) in order to prevent exploitation by oppressive regimes in the east of the Democratic Republic of Congo (DRC) and surrounding countries (“Conflict Region”).

While the Act is not a UK or EU legal requirement, we have undertaken due diligence with our suppliers including the provision of written statements that our purchases of 3TG, and electronic components and subassemblies wherein these materials are contained, originate from outside of the Conflict Region.

We will not purchase products that contain, or are suspected to contain, Conflict Minerals that directly or indirectly finance or benefit armed groups in the Conflict Region. We have amended the terms and conditions of our supplier agreement to the effect that the products they manufacture or supply must conform with the responsible sourcing of said minerals.

Lewis Abel
